

(Seduta dell' 8 giugno 1923)

1. The first step in the process of the formation of the new state is the declaration of independence. This is a process that is often a long and difficult one, and it is one that is often the result of a long and difficult process of negotiation and compromise. The process of the formation of the new state is often a process that is often the result of a long and difficult process of negotiation and compromise.

*[Faint handwritten notes at the bottom of the page]*

[illegible]

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

1. The first step in the process of identifying a problem is to recognize that a problem exists. This involves gathering information about the situation and identifying the specific issue that needs to be addressed.
